Re-entry Report

No contacts for Chapter 4,5,9,10,12,14,15,17

Motion to accept re-entry. 2nd **MSP**

World Council Report

March 6-13 for the World Council Summit

Just had meeting last Sunday

Working on resolution that was passed at world.

Working on new position (Archivist) to tell the story of how world council was born!

Working on sending world council to various state convention

Marcus going to Florida's state convention

Start opening up sub-committee meetings to residents

Motion to accept World Council Report. 2nd. **MSP**

Housing Services East Report

Went to Chapter 4 meeting Monday watched a chapter that was divided come together.

Watched a house getting ready to break a part from chapter take it back to their house.

Issues with people driving on suspended or driving with no insurance.

Opening a new house in Topeka, Jona house

Chapter 14 opening Trojan House

Topeka house breaking democratic process put house on behavior contract, Highland Crest

Another house received \$2500 loan from chapter and paid it off already

Pittsburg going through somethings, Marcus planning on going down

Motion to accept Housing Services East. 2nd **MSP**

Discussion: Sean helped with Chapter 4 and what he sees is lack of replication

Housing Services West Report

Chapter 13 lots of replication loss been working close with Chapter Chair had to restructure a mens house last week, Chapter 7 restructured Beverly, they are doing much better.

Went to Salina, Jayhawk House had members behind \$600 and \$300 on EES house was put on Behavior Contract.

Chapter 16 had a house getting a way from recovery and the program, took chapter into house put house on contract. House then failed to evict someone with diluted UA house was restructured.

Motion to accept Housing Services West Report. 2nd. **MSP**

Discussion: Miscommunication about Chapter 11 and the charter violation that happened, Housing Services in Chapter 11 was not reporting correct information back to Chapter chair.

Motion for break 2nd MSP

Discussion: 30 minute break

Re-opened at 2:46 pm with Moment of Silence and Serenity Prayer

FORA Report

Got 2021 manuals

New house phone number list

Presentation materials

147 houses 1240 beds 171 beds vacancies 1.4 vacancies per house 14% vacancies for the state

Check email from Leigh-Anne (will also post here the email)

To the Kansas Oxford Houses,

I wanted to share a little about my recovery journey, which started on January 23rd, 2008, at Valley Hope in Atchison. At first, I didn't want to be there, which quickly turned into not wanting to leave the safe and protected environment. Nevertheless, after 30 days, I interviewed at Oxford House Village, and my Oxford House journey started. After a year at the house, I applied for the Coordinator position at Friends of Recovery. Shortly after I became Director, COVID hit, changing how I advocate for the members. Over the years, I have enjoyed giving back to the organization that saved my life, striving to reduce stigma and coordinate services for all the Kansas Oxford House members. Recently, Friends of Recovery received some fantastic news that I am delighted to share. Friends of Recovery is the recipient of a vast, one-time grant that will positively impact every Oxford House in Kansas. I took a few days to try and break down the funding in the most equitable way. Here is the breakdown of the main Components: Every house will have access to a New Member Fund, with \$200 for three new people moving into a house. In six months, if there is money left, FORA will pool all unused funds and open up the funding to all Kansas houses, on a first-come, first-serve basis, for a total of \$100,000. A Revolving Loan Enhancement Fund will match every \$4,000 FORA loan with a \$4,000 grant for the next 25 new houses or until September 30th, 2022, whichever comes first. The first \$4000 will need to be paid back at a rate of \$170 a month for two years (\$170 for 23 monthly payments, and the last payment will be \$90) until the loan is paid in full. The FORA Revolving Loan Fund will get an infusion of \$50,000 for all the new house loans. The

Small City Stabilization Fund will assist the smaller chapters struggling to pay off existing loans with a bit of relief to ease the repayment so they can open houses as needed. (Winfield, Pittsburg, Manhattan, Liberal) There is funding for additional FORA staff to assist with existing areas where we have homes and the new regions where there will now be Oxford Houses in that area (Emporia and Garden City look promising). If there is an area a member or alumni is interested in opening a new house in a new location, please have them reach out to me. 2022 is going to be the year of the Kansas Oxford Houses.

Re-entry job available part-time want someone from oxford

Opening house in emporia if chapters will step up

Make sure utilities are in house names

Motion to accept FORA. 2nd.**MSP**

Revolving Loan Report

Dylan needs help with sorting through revolving loan.

Cant get ahold of Bradley for last spread sheets.

Kat has reports

Motion to skip rest of report 2nd **MSP**

Chapter Summary Reports

Chapter 1

Number of houses: 9

Number of beds: 83

Checking Account Balance: \$3947.55

Savings Account Balance: \$6752.80

Number of Vacancies: 11

Number of Relapses: 3

Dues paid: yes

Contributions to OHI: \$200

Chapter 1 is doing well. We successfully got Darnell house moved and set up.

Chapter 2

Number of houses: 12

Number of beds: 102

Checking Account balance: \$7410.27

Savings Account balance: \$4165.69

Number of vacancies: 12

Number of relapses: 9

Dues paid: yes
Contributions to OHI: \$950.00

Chapter 2 is doing fantastic. We just opened a new mens house and i just want to express how proud I am of our chapter for allowing me to be of service. I just want to give a big thank you to Marcus and Ashley for replication and I love this chapter. Thank you Chris, Gary, and Thomas for the fall festival.

Chapter 3

Number of houses: 12
Number of beds: 105
Checking Account balance: \$7235.01
Savings Account balance: \$3564.05
Number of vacancies: 12
Number of relapses: 4
Dues paid: yes
Contribution to OHI: \$ 0

All is well, there was a situation at Metanoia, that Seth was informed that someone had a guest over that was using, Seth went over and situation handled properly and internally. November 25th Alumni is doing a thanksgiving dinner at Crossroads recovery center from 5pm to 8 pm. On November 9th had to ask Treasurer to relinquish their position for failing our chapter by not fulfilling their duties.

Chapter 4

Number of houses: 10
Number of beds: 79
Checking Account balance: \$18543.76
Savings Account balance: \$0
Number of vacancies: 16
Number of relapses: 12
Dues paid: No
Contributions to OHI: \$ 300

Issue with accountability, illegal driving, (Layton) put house on contract, now leaving chapter 4. Chapter officers more conflict than house. Kennedy needs more book keeping help. Womens house bullying, finally good Housing Services officers to address certain changes. New Merriam House 11/01 slow but bright start up great residents. Optimistic future, need stove. Bank finally resolved-reconcilliation complete. Presentations cancelled due to covid. Peyton had 6 relapses, restructure success.

Chapter 5

Number of houses: 6
Number of beds: 46
Checking Account balance: \$4773.96
Savings Account balance: \$0
Number of vacancies: 5
Number of relapses: 2
Dues paid: yes
Contributions to OHI: \$ 0

Chapter 5 is doing well, were seeing increased participation and just hosted a chapter unity event, opened a new house, Dharma looking to open a new mens re-entry house at the beginning of the year.

Chapter 6

Number of houses: 5
Number of beds: 38
Checking Account balance: \$4283.47
Savings Account balance: \$ 336.11
Number of vacancies: 1
Number of relapses: 6
Dues paid: yes
Contributions to OHI: \$ 400

The restructure at the Holiday house is still successful at this point after going on 4 months now. Replication is very strong there and also strong at all our houses in the Chapter. All the houses are currently full, except there's 1 opening at the womens Liberal-Haven House. AA/NA attendance is also very good from all the houses participating in all NA/AA events and meetings. We also have 5 oxford members that chair NA meetings regularly. Only conflict we have had are just a couple houses putting a member on a financial contract/promissory note and a couple couch status people being disruptive, but our solid core members have handled those situations very good. Dodge City/Liberal KS is very strong in recovery right about now and we love it. We are currently looking for 1 or 2 houses to grow and expand our chapter right now, everything is good, chapter 6 strong.

Chapter 7

Number of houses: 11
Number of beds: 96
Checking Account balance: \$ 6166.82
Savings Account balance: \$ 9695.43
Number of vacancies: 14
Number of relapses: 10

Dues paid: yes
Contribution to OHI: \$ 0

Chapter 7 has been doing well except for vacancies and relapses going up. We also had to restructure Beverly house, upon going in we found them to be in violation of all 3 charters, there was a lot of manipulation going on. Out of the 7 girls only 2 were accepted back in. Chapter has helped with replication and since the restructure the house has been growing we are still trying to get their vacancies down though.

Chapter 8

Number of houses: 15
Number of beds: 136
Checking Account balance: \$ 10506.55
Savings Account balance: \$ 5432.16
Number of vacancies: 26
Number of relapses: 18
Dues paid: yes
Contribution to OHI: \$ 0

Chapter 8 has been busy. We have a lot of new members in Chapter 8 and a lot of our seasoned members have been moving on. We have had issues with a lot of the newer members not understanding what is expected or how to do their positions, specifically the treasurer position. Chapter & Housing Services have been going to numerous houses trying to figure out why their books are off and get them back on track. Our Chapter & HS boards have also been going through a lot of leadership, every chapter meeting or HS we are having elections to fill at least one position. The willingness seems to be lacking because everyone is so new and struggling in their own houses.

Chapter 8 is 15 houses and as discussed at the last State Meeting, we were going to look at the potential of breaking Chapter 8 up. We asked Chapter 3 if any houses would be willing to break away to help form this new Chapter, Metanoia was the only house willing to break away. When we asked our own Chapter, not all houses had a response because the presidents didn't take the information back to their house to discuss. We are going to discuss it again at our upcoming Chapter meeting to see how to proceed. Winfield has stated to us that they are not ready to break away into their own chapter yet, which I agree.

Timber Creek, our men's house in Winfield which had been full and had a waiting list is struggling now. They have a lot of new members and it seems to be a revolving door right now. They are trying but aren't as strong as they once were. I have been in contact with Timber Creek to work on their paperwork for their Permanent Charter, because it's been over a year at this point. Recently we had an issue where one of the guys in the house was approached by at least one other member in the house about purchasing duce, it was

brought to the house's attention, a meeting was called, a motion to evict was made but MSF'd, they motioned for a behavior contract and that passed, along with a house UA. I know that others outside the house were made aware of it. **Willow Creek**, our woman's house in Winfield is doing much better, they went through a transition where we were down to one member a couple months ago, but that didn't last long. We have had Alumni and FORA in that house to help replicate and build that house back up. They have been open about 9 months and once we get Timber Creek's Permanent Charter done, we will start working on theirs next. There have been some issues between the landlord and the house, but we are working to resolve those as well.

As far as Wichita

Park Place, which is our largest woman & children's house, at 11 members is down to 4 members at this time and has had a lot of drama and turn-over. On Oct 3rd I received notification from Dana Martinez, an email that was incorrectly sent to her regarding usage going on in one of our houses on S Oliver. I immediately went over there with two other women from another house, since our Housing Services Co-Chair lived in this house and we called a whole house UA. Everyone passed the UA, except one member, who refused to test, she started crying and said she would pack her stuff. I asked the female that refused to test if she wanted to talk to me at all and she looked at one of the other girls and just said sorry. I left but later she contacted myself and another member from the house and told us who in the house she was using with and that they each kept synthetic piss on them at all times. She also informed me that the house had motioned the week prior to stop doing UA's in the house so they said that was the perfect time to use. I was about to call an EM Chapter meeting to investigate further when I was contacted by the house and one of the members had received the same information that I had and they were calling an EM House meeting and wanted me to be present. They called the three girls out that were also suspected of using and the house wanted them to go to a lab, Kelly Compliance to get a lab test, none of the girls could afford to go until the end of the week, so the house motioned for a hair follicle test rather than a UA, even though two of the girls were claiming to have gotten hair lice and started putting RID in their hair. A couple days later two of the three started bleaching and dying their hair. The day they were to go to Kelly compliance they were crying and stating that they were worried that someone might have put "something" in their drink to make them fail. They went to Kelly Compliance and when they came home, they decided to just move out. Once the results came back, it came back negative, but they continue to cause drama, threaten to make life harder for the one that called them out and to myself for "believing" her. The third female needed another extension to get her hair follicle, but still failed her hair follicle test in the end. All three left the house owing it money. This house has been struggling financially, they have been asking for donations just to make rent.

Friedberg, our new Woman & Children's house is doing much better and is getting stronger. I sent this house the paperwork to start working on its Permanent Charter so I

hope to have this in by the end of the year. One of the girls that we moved in to help replicate in this house had relapsed but the girls seem to be doing really well. We had a shuffle of a couple girls from Grace Haven move in there, which seemed to help this transition.

Leo, since the restructuring has been building back slowly, but they are building & growing. It is an entirely new house now, over the last 5 months, it has gained all new members.

Bekemeyer, an 8-man house lost 5 of its members in about 2.5 weeks. 4 of them had been in the house over 2 years so it is just a big change all at once, especially some strong seasoned members that help keep that house strong.

Ash received a call from one of our guy's girlfriends stating that she was aware that her boyfriend was using and selling drugs in the house, she didn't want him to know it was her that tipped us off. Our HSC called a House UA & K2 UA from everyone. The two newest members failed their K2 UA and were evicted, neither had been in the house a full 3 weeks.

Halo has been struggling with personalities, everyone wants it their way and they are forgetting principles. This was another house that replication was lacking in. Their treasurer book is in the process of being fixed. They are in the process of re-establishing some structure into their house and have been asking Chapter & HS for ways to hold people accountable. They have implemented Ash House rules for now and are working to adapt them to their house, they were encouraged to still keep Halo's identity but they all agreed they needed a change. There have been two instances of a syringe being found in the house and house UA's being done, all clean each time, no one on insulin. House reminded to go off behaviors.

Grace Haven has had its ups and downs, though more ups and less downs lately, which is good. The new president asks a lot of questions and tries to make sure they are doing things correctly and consistently. The house has undergone a large transition in 6 months, since their restructuring. It is a 10-woman house and has all new members now as well.

Tyler Rd recently had an accusation of usage going on in the house from a coucher that was recently evicted. Our HSC went over to the house and UA'd the house. No one failed for usage going on in the house other than the MAT member, and he failed for the drug he was expected to fail for. The HSC reported that the house appears to be well and not using as we were notified. The house indicated that the coucher was evicted for being dirty and was angry about being asked to leave. We will continue to keep an eye on the house. They did report at the last chapter meeting that the house has been in a funk lately, not quite the brotherhood they once had, even though it is predominately the same group of guys.

As far as Lakestone, Orme, Richmond, Robin, & Tree, all seems to be going well with those houses and nothing major to report.

Our Chapter along with Chapter's 3 & 7 are currently working on 4TK and getting hoodie orders going, let us know if you'd like to buy one of our hoodies.

Our Chapter along with the rest of the WCC committee, we are working on the upcoming social event of the season, Recovery Prom: Masquerade Ball, January 22nd, 2022 in Wichita KS. SAVE THE DATE!

Chapter 9

Number of houses: 8

Number of beds: 72

Checking Account balance: \$ 3142.69

Savings Account balance: \$ 5,001.13

Number of vacancies: 14

Number of relapses: 2

Dues paid: yes

Contributions to OHI: \$ 0

Overall good. Housing Services operating like the model after a brief hiatus. A troubled house is doing better and paid off loan, no houses owe money new house coming to our chapter.Parallel house.

Chapter 10

Number of houses: 6

Number of beds: 48

Checking Account balance: \$ 9103.57

Savings Account balance: \$ 3270.98

Number of vacancies: 5

Number of relapses: 1

Dues paid: yes

Contributions to OHI: \$ paid by houses

Halsey house paid off their loan this month. Gillette house indicated they will have their loan paid off before the end of the year. Social events in general have been limited due to covid-19. No major issues have arose in any house. We elected a new housing services chair as our previous HSC had moved out of his house.

Chapter 11

Number of houses: 8

Number of beds: 63

Checking Account balance: \$ 7476.71

Savings Account balance: \$ 1002.35

Number of vacancies: 12
Number of relapses: 5
Dues paid: yes
Contributions to OHI: \$ 100.00

Our chapter has had some struggles in general. There was a situation where I replicated wrong info to our housing services committee and that required our state housing service west to attend our chapter meeting the month prior I had some guys from state sit in on our meeting to share their experience, strength and hope with issues that I was feeling our Chapter might be showing signs of being sick, we have 2 houses on contract. Halina house for financial and Jayhawk for not holding people accountable. We are reviewing our bi-laws and addressing past ones that we may or may not have record of. We have opened a new mens house called Tharros, greek for courage and bravery. I am also working with Ashley Hennessy on expanding Manhattan.

Chapter 12

Number of houses: 3
Number of beds: 19
Checking Account balance: \$ 1200
Savings Account balance: no savings account
Number of vacancies: 3
Number of relapses: 1
Dues paid: yes
Contributions to OHI: \$ 0

Samoset house wanted to separate from chapter after a threat to restructure their house was mentioned-turned out to be more of a personality thing and no charter violations had been committed so chapter didnt go in. Created divide. FORA came (Chuck) down and helped. Mid October Chapter 12 passed out candy and info at neighboring town Halloween Parade. Police report was filed for a sexual assault by a member of Monarch house alledging member of Phoenix house sexually assaulted her. No arrest has been made PFA in effect. Monarch member has since moved out (owing money), Phoenix house member still remains in house. There is very little unity and no trust in our chapter to protect the women members from this. Very divided, very isolated feeling very little family atmosphere at this time. With that being said, new house opening between 12-1-2021 and 12-15-2021 Oxford House Griffin.

Chapter 13

Number of houses: 10
Number of beds: 101
Checking Account balance: \$ 7531.80
Savings Account balance: \$ 700

Number of vacancies: 8
Number of relapses: 27
Dues paid: yes
Contributions to OHI: \$ 1000

We have kicked off 4TK for the year and the committee is selling hoodies and long sleeve shirts. Tomahawk was restructured in August and they are doing an amazing now. Our women and childrens house is struggling to fill vacancies. We have a new chapter chair and co chair since the last meeting. Webster House was restructured after not evicting a member for being arrested for drug possession. All of the mens houses have been staying full or at 1 vacancy for the past month.

Chapter 14

Number of houses: 8
Number of beds: 61
Checking Account balance: \$ 6382.74
Savings Account balance: \$ 2002.65
Number of vacancies: 4
Number of relapses: 3
Dues paid: yes
Contributions to OHI: \$ 0

Looking forward to having a bingo night November 20th at Wren, also a new years bash at forest park and OH Trojan, presentations, chair meetings.

Chapter 15

Number of houses: 6
Number of beds: 47
Checking Account balance: \$ 3917.93
Savings Account balance: \$ 0
Number of vacancies: 4
Number of relapses: 3
Dues paid: yes
Contributions to OHI: \$ 0

Partridge is still looking for a refrigerator \$500 donation our chapter made. Arrowhead has paid off their loan. Every house is doing well there hasnt been any conflicts.

Chapter 16

Number of houses: 9
Number of beds: 86
Checking Account balance: \$ 4666.96

Savings Account balance: \$ 3000.00
Number of vacancies: 22
Number of relapses: 19
Dues paid: yes
Contributions to OHI: \$1,000.00

On september 17th chapter went into Fort Hayes due to a charter violation, the house was restructured, housing services was in the house for 5 weeks after the restructure. I feel the house is still trying to improve in all areas. We started our 4th program again in September and have had some early success in raising some money. Deliverance opened October 1st in Great Bend and is doing very well. I feel for the most part we have a good recovery program going in most of our houses. We do a good job at making meetings and are active within our community. For recovery month September 22nd through our rise up program we had a narcan march and recovery out loud.

Chapter 17

Number of houses: 7
Number of beds: 40
Checking Account balance: \$ 6596.10
Savings Account balance: \$ 0
Number of vacancies: 9
Number of relapses: 2
Dues paid: yes
Contributions to OHI: \$ 0 (Individual houses pay that)

Stewart house is struggling financially and with a high number of vacancies. We will be sitting in on meetings for the next several weeks. We have been dropping in on meetings just to make sure all of the houses are on the same page. We are also having some issues with houses not doing phone interviews.

Motion to accept Chapter Summary Reports. 2nd. **MSP**

Old Business

Chapter 18 discussing opening new chapter - discussing Winfield branching off into own chapter. Ty shares proposal about branching houses into a new chapter. Discussed Newton branching into their own chapter. Discuss OHI contributions w/ Chapters \$50 a month (\$600 a year) Mtn check for \$1000 to Oxford World Services from State Association 2nd MSP
Chris talks about Liberal-Haven house and how it has been struggling. Landlord not wanting it to be an Oxford house anymore. Asking for suggestions and guidance on what to do. All of Chapter 7 houses now do re-entry. Chris talks about wanting to do a winter formal idea. Asking suggestions/ideas. Dylan asks for address for voided checks. Suggests group chat

and also suggests one chapter funds it. State chat is out of control. We aren't using it for business only like its supposed to be used for. Talk of cleaning out the people in the group chat. Check state site to make sure chair is listed correctly. Seth talks about if we are a FORA/OHI state get rid of the either or and come together as both. Don't hold onto resentments. Let's talk about it and let it go. Bring issues up so we can come together and fix it. Talk about doing something for recovery month

Motion to accept old business. 2nd. **MSP**

Motion for smoke break 7 minutes 2nd MSP

Opened back at 4:32 pm with moment of silence and serenity prayer.

New Business

Chapter 16 4TK - Motion \$2000 a piece for all 3 4TK's (\$6000 total) 2nd
